## About the Event...

The Piedmont Farm and Food Show is an opportunity for you to experience the diversity and quality of the farms and foods available in the Piedmont of Virginia. If you enjoy good food, fine wine, or are looking for locally produced, farm-fresh meats, cheeses and produce, then this is the event for you!

Visitors to the Farm and Food show will be treated to free\* samples of locally produced food products. They will have the opportunity to meet the farmers who produced the food, the

restaurateurs who prepared the food, and learn where to find more of each!

Have you been looking for a weekend activity for the family in the country? Do you enjoy visiting farms, taking hayrides, picking your own apples in an orchard, or 'getting lost' in a corn maze? If so, you will have the chance to meet and visit with owners of farms who practice "Agri-Tourism", a growing industry in our area, that gives "city folk" a chance to experience real country living.

### "Taste of the Piedmont" Food & Wine Show

This event will showcase the diversity and quality of the farm and food products available to consumers in the Northern Piedmont region of Virginia. The "Taste of the Piedmont" food show will feature free\* samples of high quality food products,

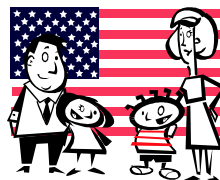

grown or processed right here in the Northern Piedmont, and prepared by local restaurants and catering businesses. Local wineries will offer wine tasting for interested participants.

### Family Activities & Entertainment

Farms with agri-tourism enterprises (corn mazes, hayrides, etc.) and local 4-H clubs will provide educational and entertaining activities for all ages in the outdoor area of the fairgrounds. Local music acts will provide musical entertainment. Farm equipment will be on display for learning and photo opportunities.

This will truly be an event for the whole family!
